Dear Legislators,

I would like to voice my support of the bills pertaining to the Michigan Recreation Passport legislation (**SB 388, SB 389, HB 4677, HB 4678**). I believe that this legislation is needed to increase the financial support our state park system needs. I also believe that this will encourage more Michigan residents to use and enjoy the wonderful natural resources we have here in our state.

Please include my letter to be presented as part of the Joint Hearing testimony.
Thank you.

Sincerely,

Susan Bertch
